MORTON COLLEGE
COMMUNITY GARDEN

It’s time to get involved and get growing!

Morton College’s Community Garden is open to the entire college community. Raised beds are available for individuals, families, and community groups to plant, raise, and harvest vegetables for themselves or for a community project. You supply the plants and the labor, and we’ll supply water, compost, and individualized assistance. All levels of gardeners are welcome.

Find out more at one of two informational sessions.

• Tuesday, April 7 @ 12:30 p.m.
  Room 324B
• Wednesday, April 8 @ 12 p.m.
  Room 328B
