MORTON COLLEGE
Community College District No. 527
Annual Budget
July 1, 2018 to June 30, 2019

Presented is the Annual Budget of Morton College for the fiscal year ending June 30, 2019. The College's financial plan has been developed utilizing a comprehensive, systematic approach designed to make the budget more easily understood.

BACKGROUND

Morton Community College District No. 527 was established on September 5, 1924 and provides baccalaureate-oriented, career-oriented and continuing education courses to a six-suburb community. The District is located approximately 12 miles west of downtown Chicago, Illinois with a viable transportation network including I-290 (Eisenhower Expressway) and I-55 (Stevenson Expressway) just to the north and south, respectively, Metra's Burlington Northern and the Chicago Transit Authority. The Board of Trustees, which is elected by residents within the District, is the District's ruling body that establishes the policies and procedures by which the College is governed.

This District is known for its academic excellence, dedicated teaching, small classes, friendly atmosphere, personalized learning and affordability. The College offers educational programs and support services to students at an affordable cost. The programs and services offered by the College prepare students for an education that leads to a bachelor's degree, job entry and career advancement and developmental education. The College also provides opportunities for lifelong learning and develops and conducts programs and activities that enhance the cultural, civic and economic life of the community.

The College serves approximately 160,000 residents of the District, which encompasses the communities of Berwyn, Cicero, Forest View, Lyons, McCook and Stickney. The 37.12-acre campus contains five buildings with state of the art classrooms and science laboratories, a 350-seat theatre, 50,000-piece library, a 1,000-seat gymnasium and a physical fitness center.

MAJOR TRENDS

Morton College recognizes the influence of a dynamic community and environment. Following are major trends and issues anticipated over the next five years that will play a critical role in the institution's planning processes:

- **Demographic:**
 - The College's service area is expected to remain the same in population similar to Cook County. According to the Community College Strategic Planner (ccbenefts.com), Cook County saw a .3% increase in total population from 2010-2017, more than 16,188 residents. District 527 represents 6 communities within Cook County.
 - The College's service area will experience similar Hispanic population growth to Cook County. Cook County's expected Hispanic population will be 25.5%.
 - The population will increase in age, with the median age being 36 years old.
- **Technological:**
 - The evolution of technology will continue, affording an increasingly diverse array of web- and computer-based tools that can be employed towards increasing student learning and student success.
 - Online and mobile modes of learning will become increasingly expected by students.
 - The capacity for technology to enhance non-teaching functions will increase dramatically.
- **Educational:**
 - Changes to the College curriculum are expected due to changing demographics, advances being made in technology and dynamic economic conditions.
 - Continued demand for serving students with limited English language proficiency is anticipated.
 - Innovation in delivery of developmental education will be pursued, towards a more effective method of meeting student needs.
 - Collaborative initiatives with district K-12 institutions, as well as 4-year institutions of higher education, will continue to be developed.

- Financial:
 - The state continues to struggle to meet diverse demands with limited resources. As a result, state funding will continue to be a challenge.
 - Increased costs due to aging buildings, infrastructure, and necessary site improvements are anticipated.
 - The College will continue to assess its position among peer institutions trending towards increased tuition.

- Political:
 - Legislation affecting pension reform that will increase amounts that will be paid by the College on behalf of their employees is anticipated.
 - Increased competition for government funds is expected to continue.

FUTURE OUTLOOK

The Morton community has undergone profound changes in the last 20 years, including an increase in its Latino population from 6.6% to 81% since 1980. As this shift made Morton College the largest Latino-serving public college or university in the Midwest, a review of the mission was necessary in order to serve the college's "new" community. To enable the necessary changes to the mission, a Blue Ribbon panel of citizens from diverse backgrounds and expertise was appointed and charged with researching how Morton College could meet the community's needs so that Morton College, once again, could distinguish itself by its sense of purpose — a College that understands and changes to meet the needs of its community, now and in the future — a college that embraces collaboration among and between all stakeholders.

The College's Enterprise Resource Planning (ERP) system has enabled them to centrally aggregate data, both academic and financial, in a secure repository. The system has improved the effectiveness and efficiency of information management, which is critical to the success of Morton College. Further, the ability to securely store, internally share and analyze information is critical for Morton College to meet the needs of the communities it serves. This has improved every aspect of our service to the community. Examples include:

- Provide a secure portal for remote access over the internet:
 - Student access to schedules, grades, class or semester registration, add or drop courses, grades and transcripts.
 - Faculty access to class rosters, course and schedule information, class-teaching assignments, grades, and student information within restrictions.
- Provide staff better access to information at the college to improve service to students, faculty and the community – and do it more timely and efficiently.
- Provide a single source of reliable data, eliminating the need for multiple auxiliary systems to store information. Currently, multiple systems require manual updating to add or correct information.

- Allow the College to better forecast and target market efforts to grow the services available to our community.
- Provide the ability to track and audit data to ensure its accuracy and security.

These and other benefits of the Enterprise Resource Planning System have improved the quality of service Morton College provides to our community while lowering our costs of service.

VISION AND MISSION

The District's Vision Statement:

Our Vision is to be the leader in educational institutions in the delivery of quality academic and workforce development programs that enhance the quality of life for the towns of Berwyn, Cicero, Forest View, Lyons, McCook and Stickney. Our Vision-Goal is to increase fall-to-fall full-time persistence rates to 80% by the year 2022.

The District's Mission Statement:

As a comprehensive Community College, recognized by the Illinois Community College Board, the mission of Morton College is to enhance the quality of life of our diverse community through exemplary teaching and learning opportunities, community service and life-long learning.

Consistent with our mission, Morton College's educational philosophy conforms to requirements set forth in state law and stresses the importance of helping individuals live and work as better-informed citizens in a dynamic society. This philosophy is reflected in the College's programs that model core values of truth, compassion, fairness, responsibility and respect.

DIVERSITY STATEMENT

Diversity at Morton College is more than just a variety of people with different backgrounds. It is the core of who we are as an educational culture and it supports our goals as an organization. Consistent with its mission of social responsibility and community development, Morton College continually works "to enhance the quality of life of our diverse community."

FINANCIAL REPORTING

The College prepares its financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) as set forth by the Governmental Accounting Standards Board (GASB). The College maintains its accounts in accordance with guidelines set forth by the National Association of College and University Business Officers (NACUBO) and the Illinois Community College Board (ICCB). The ICCB requires accounting by funds in order that limitations and restrictions on resources can be easily accounted for. The financial records of the College are maintained on the accrual basis of accounting whereby all revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal obligation. The independent public auditors, BKD, LLP, have audited the College's financial statements. The following is a list of funds and descriptions used by Morton College.

EDUCATION FUND

The Education Fund is used to account for revenues and expenditures of the academic and service programs of the College. It includes the costs of instruction; administrative and professional salaries; supplies and moveable equipment; library books and materials; maintenance of instructional and administrative equipment; and other costs pertaining to the educational program of the College.

The Education Fund revenue is projected to increase 3% from fiscal year 2018 to 2019. Expenditures are projected to increase 4%.

OPERATIONS AND MAINTENANCE FUND

The Operations and Maintenance Fund is used to account for expenditures for the improvement, maintenance, repair or benefit of buildings and property, including the cost of interior decorating and the installation, improvement, repair, replacement, and maintenance of building fixtures, rental of buildings and property for community and college purposes; salaries of custodians, engineers and related support staff; all costs of fuel, lights, gas, water, telephone services and custodial supplies and equipment; and the costs of professional surveys of the condition of college buildings.

The Operations & Maintenance Fund revenue is projected to increase 1% from fiscal year 2018 to 2019. Expenditures are projected to increase by 1%.

OPERATIONS AND MAINTENANCE FUND (RESTRICTED)

The Operations and Maintenance Fund (Restricted) is used to account for monies restricted for building purposes and site acquisition. The term "Construction Fund" is often used to refer to this fund. Within this fund various types of restricted funds are accounted for. They include Health, Life Safety Funds, Illinois Community College Board Deferred Maintenance Grant, Development Board grants and funds restricted by Board resolution to be used for building purposes.

BOND AND INTEREST FUND

The Bond and Interest Fund is used to account for payments of principal, interest and related charges on any outstanding bonds or debt.

AUXILIARY ENTERPRISE FUND

The Auxiliary Enterprise Fund is used for college services where a fee is charged and the activity is intended to be self-supporting. Examples of accounts in this fund include food service, bookstore, intercollegiate athletics and non-credit instruction.

RESTRICTED PURPOSE FUND

The Restricted Purpose Fund is used for the purpose of accounting for monies that have external restrictions regarding their use. Examples of accounts in this fund are Illinois Community College Board grants and federal and state student financial assistance grants. The budget for 2018 – 2019 has a 0.6% increase from the previous fiscal year.

WORKING CASH FUND

The purpose of the Working Cash Fund is to give the College resources to meet payroll and operating expenses while waiting for the receipts from property tax levies. The College Board of Trustees votes on a resolution every year to allow the College Treasurer to borrow from this Fund. At the end of each fiscal year it is the College's policy to repay this Fund from property tax receipts.

AUDIT FUND

Annually the College levies separately for and collects property taxes for payment of the annual audit of its financial statements. This fund is used to account for this levy and the related audit expenses.

LIABILITY, PROTECTION AND SETTLEMENT FUND

The Liability, Protection and Settlement Fund includes the tort liability, property insurance, Medicare taxes, Social Security taxes (FICA), and unemployment insurance. In addition, a portion of Campus Police and full-time faculty salaries are allocated to this fund due to their role in promoting and maintaining a safe campus and environment.
