FIRE SCIENCE TECHNOLOGY PROGRAM

FIRE OFFICER LEADERSHIP II (FOB)
12 CREDIT CAREER CERTIFICATE

The Fire Officer Leadership II Certificate provides instruction on fire behavior and hazards involved in dealing with emergency incidents. Specific topics covered include identifying and controlling hazards in emergency incidents, the principles of coordinating fire ground tactics, suppression techniques, and rescue operations with single and multiple companies when dealing with various types of occupancies. This certificate will also include information on various budgeting techniques, planning and development, enforcement of departmental policies, and supervising personnel within the organization. This certificate will assist established career, industrial fire protection, paid-on-call, or volunteer firefighters and emergency service personnel in promotional opportunities.
