

COVID-19 TESTING SITES

UPDATED: JULY 9, 2020

Anyone with COVID-19-like illness or symptoms can get a test, even without a doctor's order.

As testing capacity expands, testing is now available for people who:

- Have COVID-19 symptoms (cough, shortness of breath and fever) OR
- Have a risk factor, such as
 - Contact with someone confirmed to have COVID-19
 - A compromised immune system or a serious chronic medical condition

Testing is also available for those with or without symptoms who:

- Work in a health care facility
- Work in correctional facilities, such as jails or prisons
- Serve as first responders, such as paramedics, emergency medical technicians, law enforcement officers or firefighters
- Support critical infrastructure, such as workers in grocery stores, pharmacies, restaurants, gas stations, public utilities, factories, childcare and sanitation
