Loan Limits

You should know the following facts about the Federal Direct Loan Program:

The U.S. Department of Education will be your lender, through Morton College. You do not need to contact a bank, savings and loan institution, credit union or other type of lender, even if you used such a lender in the past. Prospective borrowers start the application process by completing the 2021-2022 Free Application for Federal Student Aid (FAFSA) or Renewal FAFSA (for continuing students).

If you are considering attending the summer session 2022, you should be aware that borrowing the maximum amount for fall and/or spring 2021-2022 would leave you with NO loan eligibility for the summer session 2021.

Types of Federal Direct Loans at Morton College

Federal Direct Subsidized Loan -- The federal government will pay the interest on the loan while you are in school. You must demonstrate financial need to receive this loan. From July 1, 2020 – June 30, 2021 the fixed in school interest rate for undergraduate students is 2.75%.

Federal Direct Unsubsidized Loan – If you are ineligible (or ineligible in part) for a subsidized loan, an unsubsidized loan may be awarded. You are responsible for all interest charges while you are in school. These loans have a fixed interest rate of 4.3%. Borrowers have the option of paying the interest quarterly or "capitalizing" the interest, i.e., adding the interest to the principal amount of the loan. You may combine the subsidized and unsubsidized loans, up to the program maximum. In addition, independent students may borrow an additional amount as a Federal Direct Unsubsidized Loan.

Loan amounts listed in the box at right are maximums; you should borrow conservatively, and only the amount you need.
