- Apply for external scholarships.

Award Revisions

Your award may be revised or cancelled:

- If aid was based on false or inaccurate information. For example, changes in enrollment.
- If an error was made in determining your eligibility or in disbursement of aid.
- If the amount of aid you receive will exceed your financial need or budget. (This may occur if you receive additional aid or because of verification.)
- If you withdraw from one or more classes.
- If you do not submit all the required documents.
- If you fail to maintain **Satisfactory Academic Progress**.
- If additional funds become available.
- If extenuating circumstances warrant an adjustment in your eligibility for financial aid.
- If you do not achieve the proper grade level needed for student loans that were initially awarded.

If a revision is made, you will be contacted to review your updated award on Financial Aid Self-Service.

Consequences of Enrollment Changes

The Financial Aid Office is required by federal statute to recalculate federal financial aid eligibility (Return of Funds) for students who withdraw, drop out, are dismissed, or take a leave of absence prior to completing 60 percent of a payment period or term. The federal Title IV financial aid programs must be recalculated in these situations. For detailed information about the Dropping Courses and Withdrawals policy, refer to our FAQ page on our website on student portal.

Payment of Aid and Refunds

Financial aid for an academic year is applied in two payments: half for the fall semester and the other half for the spring semester.

Federal, state, and institutional aid for students will be released to your student account no sooner than four weeks after the start of each term.

Disbursement will only contain classes that you have begun attendance. Courses that start late in the semester will be disbursed later.

If you have a credit balance on your student account, a refund will be generated for use for other educational expense.

Financial aid refunds are released no later than the 30th of each month. Students can receive refunds via mail, direct deposit at a bank of their choosing, or via the Cashier's Office. To sign up for direct deposit, please complete the process on your student portal. Click Students, Financial Information, and Click on Bank Information to complete this process. Please note: Direct deposit takes two weeks to process. Therefore, you should complete the process by the end of the first week of school.

You have the right to cancel all or a portion of your student loans. Certain conditions apply. Please make an appointment with the loan representative to complete.

DO YOU HAVE A FINANCIAL AID PLAN?

A good financial aid plan includes understanding how much financial aid will be available to you to cover your educational expenses. If your aid is not enough to cover your entire balance, you may need to pursue additional options to satisfy your balance. Additional financial options could include:

- Installment Payment Plan
- 529 Plans
- Employer Tuition Assistance

Dear

Congratulations! The Financial Aid Office has reviewed your file and it has been determined that you are eligible to receive financial aid at Morton College. Please be aware that all award(s) listed below represent what you are eligible for based upon full-time enrollment status (12 credit hours or more). If you have an estimated Illinois Monetary Award (MAP), it is based on fifteen credits. Changes in enrollment may change the amount of an award. If your enrollment is other than indicated above, award amounts can be viewed on your portal. NOTE: You must be meeting the Satisfactory Academic Progress requirements in order to be awarded any aid. Your financial aid will be applied to your current semester balance. If your award exceeds your semester charges, the excess will be given to you via direct deposit or mailed. Disbursements begin by the 6th week of the fall and spring semesters and by the 4th week of the summer semester. Students with balances will need to pay the outstanding amount at the Cashier's office.

By applying for financial aid and agreeing to share that information with the Illinois Student Assistance Commission (ISAC) you have been considered for the State of Illinois (IL) Monetary Award Program (MAP) Grant. All MAP-approve institutions are required by the State of Illinois to announce MAP Grant awards to students who are enrolled or intending to enroll at their institution. An award amount is included in your financial aid package if you have met the eligibility criteria.

The MAP Grant award amount is an estimate made by the financial aid office and is identified as a "State of IL MAP Grant (Est.)" Please be aware that the number of available MAP Grants is limited by funding levels approved by the Illinois General Assembly and the Governor, and reductions to estimated or actual MAP Grants are possible.

SPECIAL CIRCUMSTANCES

We recognize that students may have extenuating circumstances that the FAFSA® does not consider. If a significant change occurs in your financial situation or dependency status (e.g., reduction in income, loss of income, loss of employment, divorce/ separation, death of a parent/spouse), you may submit a Reduction of Income or Dependency Override request that allows your financial aid eligibility to be reviewed. The forms are available [here](#).

Such requests are reviewed on a case-by-case basis and take a minimum of 3 weeks for review (**once ALL documents required are submitted**). Make sure you read all directions and submit all necessary documentation to avoid delays.

Classes Required for Your Program

Financial aid will only cover courses that are applicable to your program of study on file. Courses not needed or not applicable to your program will not be eligible for financial aid. You should meet with your Student Success Coach to ensure the courses you are taking are required for your program.

Enrollment Status

Enrollment status is the number of credits students take per semester. Most Financial Aid programs whether they be Federal, state, institutional, or private have policies regarding the minimum number of credits students must be enrolled in and/or maintain to be eligible for financial aid. The statuses are defined as follows:

- Full-time: 12 or more credit hours.
- 3/4 time: 9-11 credit hours.
- 1/2 time: 6-8 credit hours.
- Less than 1/2 time: 1-5 credit hours.

Summer Financial Aid

Morton College award students for maximum Pell grants for fall, spring, and summer (if applicable). Summer is a continuation of the current academic year. If you attend full-time (12 credit hours or more) for both fall and spring, summer funds do not "Unlock" for students unless you enroll in 6 credit hours or more to "Unlock" the additional grant funds.

Students enrolled in at least 6 credit hours (applicable to your program of study) will automatically be evaluated and considered for remaining aid eligibility

Students enrolled in less than 6 credit hours are **ONLY** eligible for a Pell grant if they did not receive a full-time grant in both fall and spring. If grant eligibility exists, students will automatically be considered should they meet ALL eligibility requirements.
