Public Law 99-498 and federal regulations [34CFR 668.16(e)] require a student to maintain satisfactory academic progress in three areas: cumulative grade point average, cumulative completion rate, and maximum time frame for financial aid and military benefits. In accordance with this policy, a copy of Morton College's full Financial Aid Satisfactory Academic Progress (SAP) can be found at <https://www.morton.edu/SAP Policy> or in the college's catalog. All students seeking financial aid and nonfinancial aid seeking students must adhere to the federal regulation of Satisfactory Academic Progress.

I understand that I must adhere to the agreed upon academic plan. I understand if approved, I must apply for a SAP Appeal every time I am deemed terminated. I further understand that the Financial Aid Office or any other office on campus cannot overrule the decision of the committee. Finally, I understand Financial Aid can only be applied toward classes required to complete my Associate's Degree or Certificate with Morton College, if approved. Additionally, if I receive Veteran's Benefits, I understand this appeal paperwork may be provided for a Veterans Standards of Academic Progress Appeal.

Additional Information

All students are required to meet the following minimum academic progress requirements:

- *Maintaining a 2.0 cumulative grade point average (GPA)*
- *Completing 67% of the total attempted hours*
- *Complete your program **within** 150% timeframe*

Students facing extenuating/unforeseen circumstances and are currently on a suspension/termination status due to not meeting SAP requirements may appeal for reinstatement. However, circumstances related to the typical adjustment to college life such as working while attending school, normal pregnancy, financial issues related to paying bills, “not attending” for multiple terms, car maintenance/commuting to campus are not considered as extenuating for purposes of appealing suspension/ termination of financial aid.

Examples of mitigating circumstances are:

- Serious illness or injury to the student;
- Serious illness or injury of an immediate family member (parent, spouse, sibling, child, grandparent) that required extended recovery time, and you are the primary care giver (*must provide proof of relation*);
- Death of an immediate family member (*must provide proof of relation*);
- Significant trauma in student’s life that impaired the student’s emotional and/or physical health;
- Withdrawal due to military service

Examples of Supporting Documentation:

FAMILY CIRCUMSTANCES	MEDICAL CONCERNS	WORK CIRCUMSTANCES
Marriage Certificate Birth Certificate Divorce Papers Police Report/Court Documentation Copy of Plane Ticket	Copy of medical bills Statement from Doctor	Letter from Employer Unemployment Statement
DEATH	EMOTIONAL CONCERNS	ACCIDENTS

Appeals will not be granted for repeated circumstances. For example, an appeal can be granted due to a medical issue (back surgery) placing the student on probation or an academic plan. If the student is placed on suspension/termination again, the same medical issue (back surgery) cannot be used as the basis for your appeal. The latter appeal must be based on a reason different from the first appeal.
