She expressed that the events have caused fear and anxiety among students and families within the community and emphasized that many are afraid to attend classes due to potential deportation threats.

She commended President McLaughlin for hosting an informational forum to answer student questions. Students continue to feel unsafe and are seeking stronger institutional communication and support. Ms. Gonzalez respectfully requested that the Board consider:

- Updates to current ICE safety protocols on campus.
- Improved communication systems to inform students during or after immigration-related incidents.

- Partnerships with external organizations such as the Illinois Coalition for Immigrant and Refugee Rights to provide “Know Your Rights” resources.
- Public reaffirmation of Morton College’s commitment to maintaining a safe, inclusive environment for all students.

### **Board and Administration Response**

Trustee Hernandez responded that approximately three months ago, he requested President McLaughlin develop a policy outlining procedures should ICE appear on campus. He commended the administration for establishing a plan requiring ICE agents to be escorted to the President’s Office and, if lacking proper documentation, escorted off campus. Trustee Hernandez noted that State Representative Lisa Hernandez and State Senator Cervantes are collaborating with the College to host an informational forum and strengthen protection for students.

President McLaughlin confirmed that Morton College has staff dedicated to assisting students impacted by immigration issues and that the College is working with statewide partners to develop a unified approach. He noted that community college presidents will meet the following week to discuss proposed legislation and receive legal guidance on this issue.

Trustee Hernandez also mentioned that relevant information is available on the College website in both English and Spanish and reiterated that no student should ever feel unsafe coming to class.

President McLaughlin thanked Ms. Gonzalez for her remarks and confirmed that the College would continue to prioritize student safety and clear communication.

| <b>Payment Schedule</b>   | <p>Unless otherwise set out in this Agreement (including, without limitation, Annex 1), all Fees are to be paid monthly <b>in advance</b> on or around a set date each month that will be determined by the earlier of (i) the Go Live Date of this Agreement or (ii) the date that is 120 days after and including the date of this Agreement (unless another recurring monthly date is mutually agreed upon in writing (including via email) by the Parties) by ACH or such other method of payment as approved in advance by Xplor. For the avoidance of doubt, billing will commence and Fees will be payable on the earlier of the Go Live Date or the date that is 120 days after and including the date of this Agreement. Any part monthly billing periods will be prorated accordingly. Any part of the Onboarding Fee which remains unpaid will be added to the Fees payable in the first billing period as set out above. Where additional locations are added, Fees payable in respect of those additional locations may be prorated in the case of an initial part monthly billing period to align with Client's existing billing schedule.</p> <p>Client shall provide a valid payment method to Xplor and Client shall ensure that such payment method is maintained and up to date. In particular (without limitation) where Client has agreed to pay Fees by ACH, it shall ensure that that it takes all required action to set up such ACH and ensure that it is maintained.</p> |

### ADDITIONAL REMARKS

THIS ADDITIONAL REMARKS FORM IS A SCHEDULE TO ACORD FORM,

FORM NUMBER: ACORD 25 FORM TITLE: CERTIFICATE OF LIABILITY INSURANCE - Certificate #1002406393

**MORTON COLLEGE BOARD OF TRUSTEES**  
**REQUEST FOR BOARD ACTION**

**PROPOSED ACTION:** THAT THE BOARD OF TRUSTEES TENTATIVELY APPROVE THE ESTIMATED 2025 TAX LEVY.

**RATIONALE:**

[Required by Chapter 35 of the Illinois Compiled Statutes 200/18-60 of the Truth in Taxation Law]

Illinois law requires that the taxes to be levied be formally estimated not less than twenty (20) days prior to the adoption of its aggregate levy. Non-compliance with existing laws will disallow any increase in the estimated tax levy if a tentative levy is not approved. Cook County as well as the other Chicagoland counties have tax caps to limit the tax increase to inflation. Cook County Tax Extension Office has limited this year's increase to 5% of the 2024 levy plus any new property coming on the tax rolls. The operating and capital needs of Morton College support the importance of raising the College's extended levy by 4.67%. The individual levies have been adjusted to add more dollars to the Education Fund, Operation and Maintenance Fund, Insurance Fund and Social Security Fund.

**COST ANALYSIS:**

Total estimated 2025 Levy is \$12,342,720 which represents a 4.67% or a \$550,835 increase from the \$11,791,885 Cook County extended 2024 levy.

Seller reserves the right to not enter into this Confirmation in its sole discretion including if: (i) information provided by Customer or its representative (broker/agent) to Seller is incomplete or inaccurate, (ii) the Price listed was not authorized by Seller or rates have changed based on market conditions, (iii) transfer of Customer account(s) is denied or significantly delayed by the relevant Utility, or (iv) Customer does not meet Seller's credit approval criteria. Customer acknowledges and agrees that, in order for Seller to process a Confirmation submitted by Customer, Customer must deliver the signed Confirmation to Seller before 3:00 pm Eastern Time on the day it has received an executable version of such Confirmation from Seller. Seller may use the contact information provided above to contact Customer including by e-mail, autodialed calls, text messages or calls that use artificial or prerecorded voice regarding any billing, service or account-related matter. The Price includes the Cost Components marked above as included in the Price and will not change except for Change in Usage Charges and Calculation Adjustments as set forth in the paragraphs below of this Confirmation or Regulatory Charges, as set forth in Section 6 of the Master Agreement.

Customer hereby agrees to purchase its full requirements of electricity from Seller for each of the Facilities listed on the Facilities Attachment and authorizes Seller to become its electricity supplier, obtain Customer Data from the Utility and take the actions required to switch all relevant electric accounts listed herein to Seller. The undersigned represents and warrants that each of the following is true and accurate: (i) I am an authorized representative of Customer, (ii) I have the authority to make decisions on behalf of Customer regarding its electricity supplier, (iii) none of the Facilities for which it is purchasing electricity from Seller is a residence and the electricity purchased hereunder will not be used for a residential purpose, and (iv) Customer is in agreement and will comply with all terms and conditions of the Agreement.

**Change in Usage.** With respect to any Transaction, Customer shall provide Seller with timely Notice of any material change in the attributes or use of any Facility (including any event) that is likely to result in (i) a load change of one hundred percent (100%) or more across all the Facilities included in this Confirmation (the "**Load Change Percentage**"), as compared to the Forecasted Volume and/or (ii) any change in Demand Determinants as compared to the NSPL and/or PLC values listed on the Facility Attachment (the "**Change in Demand**"). Customer shall be responsible for payment of the losses, costs and/or charges reasonably incurred by Seller resulting from (x) changes in excess of the Load Change Percentage including additional ISO or Utility charges and (y) any Change in Demand (collectively, (x) and (y) are the "**Change in Usage Charges**").

**Calculation Adjustments.** If there are modifications to costs or other determinants that impact the calculation of Transmission or Capacity, including, but not limited to, adjustments to Transmission rates or changes in forward Capacity auction clearing prices ("Calculation Adjustments"), Seller reserves the right to pass through Calculation Adjustments to Customer.

If the number of months in the "Term" of the Electricity Supply Selection table does not match up with the number of months from the Estimated Start Date through the Service End Date listed on the Facility Attachment, the number of months, beginning with the Service Start Date, will be utilized in determining the Initial Term. At the end of the Initial Term of this Confirmation, Seller may continue to provide electricity supply to the Facilities on a month-to-month basis at market based pricing as per Section 3 Customer Charges of the Master Agreement, unless and until terminated by either Party upon providing the other Party with 30 days' prior Notice.

Change in Usage Charges, Calculation Adjustments and Regulatory Charges may impact any or all of the charges described in this Agreement, including, but not limited to, any Cost Component specified on the Confirmation's Coversheet, whether described as "fixed," "variable," "included in the Price," "passed through" or otherwise.

This Confirmation shall not become binding and effective until it is executed or verbally authorized via TPV by Customer and executed by Seller.

## ELECTRICITY SUPPLY CONFIRMATION

### Special Provisions Applicable to Facilities Located in Illinois

Seller is licensed as an Alternative Retail Electric Supplier and is an independent seller of power and energy service certified by the Commission in Docket No. 18-1703. The name and energy service for which the Customer is solicited is shown on this Confirmation and the preamble of the Master Agreement. Seller is not representing or acting on behalf of a Utility, any governmental body (unless the Seller has entered into a contractual arrangement with the governmental body and has been authorized by the governmental body to make such statements) or any consumer group. The Utility remains responsible for the delivery of power and energy to the Customer's premises and will continue to respond to any service calls and emergencies. Switching to Seller will not impact the customer's electric service reliability. Customer will receive bills for Seller's services as explained in Section 4 Billing and Payment of the Master Agreement. Information on generation energy sources, energy efficiency, environmental impacts or historical billing data is available upon request. Seller makes no representations about guaranteed savings. Unless the Parties have expressly agreed to include a voluntary renewable product in the Agreement, the reference to Renewables on the Confirmation will not be applicable to Facilities located in Illinois and Customer will not be charged any fees, costs or charges attributable to Renewables. With respect to Transactions for Facilities located in Illinois, Customer represents and warrants that it is not a residential customer or a Protected Class Customer. The Utility is responsible for the distribution charges shown on each bill, as well as any emergencies and electric outages. In an electrical emergency or a power outage, Customer should immediately contact the relevant Utility. Please contact Seller's Customer Service department at the toll free number 1-800-982-1670 for information concerning how to contact the relevant Utility. In the event of any dispute, complaint or other concern Customer may have concerning this Agreement or our services, please contact Customer using the contact information set forth in the Notice section of the Master Agreement. If Customer's complaint is not resolved after Customer has called Seller and/or Utility, Customer may contact Illinois Commerce Commission for further assistance at 1-800-524-0795 (toll free) or at 527 East Capitol Avenue, Springfield, Illinois 62701.

For each billing cycle during the term of a Confirmation, the amount to be charged to Customer by Seller will also include any applicable reliability must run charges.

With respect to Transactions for Facilities located in Illinois, the following terms have the meanings set forth below:

**"Commission"** means the Illinois Commerce Commission.

**"Protected Class Customer"** means a non-residential customer of an electric utility consuming 15,000 kWhs or less of electricity annually in its service area.

**"Utility"** means the electric distribution company providing facilities for the jurisdictional transmission and distribution of electricity to retail customers, except building or facility owners or operators that manage the internal distribution system serving the building or facility and that supply electric power and other related electric power services to occupants of the building or facility.

## MASTER ELECTRICITY SUPPLY AGREEMENT

This MASTER ELECTRICITY SUPPLY AGREEMENT ("**Master Agreement**") is entered into by and between Freepoint Energy Solutions LLC ("**Seller**") and the customer party identified below ("**Customer**"), effective as of the date this Master Agreement is executed by Seller (the "**Effective Date**"). Seller and Customer are sometimes referred to individually as a "Party" and collectively as the "Parties."

WHEREAS the Parties wish to provide the terms and conditions pursuant to which they may enter into transactions for the purchase and sale of electricity and related products and services to one or more of Customer's Facilities as agreed to from time to time (each a "**Transaction**").

NOW, THEREFORE, in consideration of their mutual covenants herein, the Parties, intending to be legally bound, agree as follows:

1. **Overview.** Each Transaction between the Parties will be governed by this Master Agreement. This Master Agreement (including all exhibits, schedules and any written supplements thereto) and any and all Transactions (including any Confirmations, as hereinafter defined) will form a single integrated agreement between the Parties (collectively, the "**Agreement**"). Any inconsistency between any terms of this Master Agreement and any terms of a Confirmation will be resolved in favor of the Confirmation, but only with respect to the Transaction for which such Confirmation was entered into. Should the Parties come to an agreement regarding a Transaction, the Parties shall enter into a written Confirmation, signed by the Parties. Nothing in this Master Agreement obligates either Party to enter into a Transaction at any time. During the term of a Confirmation, (i) Seller agrees to sell and Customer agrees to buy the quantity of electricity supply meeting Customer's full requirements at each Facility; (ii) the title and risk of loss to the electricity purchased thereunder shall pass from Seller to Customer at the relevant Delivery Point(s); and (iii) Seller will arrange for the delivery of electricity by the relevant Utility to each Facility. Customer hereby authorizes Seller to obtain all required account and usage information for the Facilities from the relevant Utility. As a condition precedent to Seller entering into this Master Agreement and any Confirmation, Customer shall satisfy Seller's contracting, credit, and applicable know-your-customer/anti-money laundering requirements.
2. **Term.** The term of this Master Agreement commences on its Effective Date and continues until terminated by either Party upon thirty (30) days' Notice; provided, however, that such termination shall not affect or excuse the performance of either Party under any provision of this Master Agreement that by its terms survives any such termination and, provided further, that this Master Agreement and any other documents executed and delivered hereunder shall remain in effect with respect to the Transaction(s) entered into prior to the effective date of such termination until both Parties have fulfilled all of their obligations with respect to such Transaction(s) or such Transaction(s) that have been terminated under Section 7 Early Termination of this Master Agreement. A Confirmation shall become effective on its Effective Date and Seller shall endeavor to start deliveries of electricity to the Facility(ies) on or after the Estimated Start Date specified therein. However, Customer acknowledges that (i) the Service Start Date is dependent upon the relevant Utility confirming to Seller that it has completed all required enrollment processes for the applicable Facility and (ii) if enrollment processes are completed by a Utility after the Estimated Start Date, the Service Start Date will occur as soon as practicable after the enrollment processes are completed by the Utility, without Seller incurring any liability for such delayed start. For the avoidance of doubt, the Parties agree that Seller shall not be liable for any Utility Charges. The initial term of each Confirmation will run from the Service Start Date through the Service End Date specified therein (the "**Initial Term**"), unless earlier terminated as provided herein. At the end of the Initial Term of a Confirmation Seller may continue to provide electricity on a month-to-month basis at market-based pricing as per Section 3 Customer Charges, unless and until terminated by either Party upon providing the other Party with 30 days' prior Notice.
3. **Customer Charges.** For each billing cycle during the term of a Confirmation, the amount to be charged to Customer by Seller for each Facility shall be the sum of (i) the Commodity Charges, (ii) the amount assessed by Seller for any Cost Components for such billing cycle that are not indicated as being included in the applicable Price for such Facility, (iii) all applicable Taxes (except for any Taxes that are expressly included in the Price), and (iv) any costs and charges assessed pursuant to the "Change in Usage Charges" and/or "Calculation Adjustments" paragraph on a Confirmation, Section 6 Regulatory Change, or Section 19 Conversion hereof (collectively, the "**Seller Charges**"). After the expiration of the Initial Term, the Price per kWh will be an hourly variable rate based on the ISO-published LMP applicable to each account listed in any Electricity Supply Confirmation plus a margin and all other costs and charges associated with fulfilling the requirements under the Electricity Supply Confirmation; the Price may change monthly without prior notice and does not include the costs of distribution and other services provided by the relevant Utility (the "**Utility Charges**").
4. **Billing and Payment.** With respect to each Facility, Customer may receive one consolidated bill from the relevant Utility each bill cycle for both the Utility Charges and the Seller Charges (the "**Utility Consolidated Billing**" or "**UCB**"), and the bill will be sent to the billing address on file with the Utility. In such case, Customer agrees to remit payment for all amounts reflected on such invoice directly to the Utility in accordance with the Utility's payment terms. Alternatively, if the Utility does not provide consolidated billing or Seller does not participate in the Utility's consolidated billing program, Customer will, each bill cycle, receive one bill from the Utility for the Utility Charges (payable to the Utility) and a second bill from Seller for the Seller Charges (payable to Seller) (the "**Dual Billing**"). With respect to each Facility located in Texas, Customer will receive one consolidated bill from Seller each bill cycle for the Seller Charges and the Utility Charges (the "**Seller Consolidated Billing**" or "**SCB**"). Unless otherwise stated in a Confirmation, in case of Dual Billing or SCB, Customer agrees to remit payment of all amounts reflected on the invoice provided by Seller directly to Seller no later than 20 (twenty) days from the date of billing. All payments to Seller are to be mailed to PO Box 733615, Dallas, TX 75373-3615. Seller reserves the right to pass through charges or fees incurred by Seller to process ACH or credit/debit card payments. All invoices will include amounts for applicable Taxes. If selected by Customer, any and all amounts due and payable pursuant to the Agreement may be processed via autopay. Depending on the bill format, charges assessed pursuant to the "Change in Usage Charges" and/or "Calculation Adjustments" on a Confirmation, or Section 6 Regulatory Change hereof may appear on Customer's bill as a line item or Price adjustment. Regardless of billing method, invoices may cover multiple Facilities where applicable. If on Dual Billing or SCB and if an email address is provided, Seller will provide the invoice by email, unless Customer specifically opted to receive invoices by mail. Unpaid balances on Customer's account(s) not received by the due date specified on the invoice will be subject to a late charge of the lesser of 1.50% per month or the maximum permitted by Law (the "**Interest Rate**"). Seller will charge a \$35 return check fee for all returned checks. Seller is not responsible for notifying Customer of any failed or returned payments. If selected by Customer, any and all amounts due and payable pursuant to the Agreement may be processed via autopay. Seller may apply any credit balance on a particular Facility to a balance owed on any other

Facility supplied by Seller under the Agreement. Seller will include or cause to be included in any subsequent bill from Seller, adjustments related to previous billings, including estimates, billing or meter read errors, or other errors or omissions. If Customer disputes the Seller Charges on any bill, Customer must pay any undisputed portion of the bill by the applicable due date. If the unpaid, disputed portion of the bill is subsequently resolved in favor of Seller, the Interest Rate will be applied to such unpaid amounts. Customer will be responsible for the costs of all collection activity, including reasonable attorneys' fees and disbursements incurred by Seller in enforcing the terms of the Agreement.

5. **Taxes.** Customer shall pay all applicable Taxes that are associated with sales under, and/or performance of, the Agreement. The Price does not include gross receipts Tax or applicable state and local sales Tax, unless otherwise expressly set forth herein. Seller may collect Taxes payable by Customer by including them on any invoice. Where the Customer claims to be tax exempt, Customer shall provide written evidence of any tax exemption to Seller and each relevant Utility. With respect to a Transaction, Seller will recognize a lawful tax exemption on a prospective basis only after Customer provides proper documentation to Seller. Customer shall be liable for, and shall indemnify Seller against, any Taxes and associated interest or penalties assessed against Seller by any third party due to Customer's failure to timely provide or properly and accurately complete any such evidence.
6. **Regulatory Change.** If there is a Regulatory Change which causes Seller to incur new or modified fees, costs or charges ("**Regulatory Charges**"), Seller reserves the right to pass through the Regulatory Charges to Customer without markup. For the avoidance of doubt, the Parties agree that a change in the rate classification of a Facility will be deemed a Regulatory Change. The changes described in this Section may impact any or all of the charges described in the Agreement, including, but not limited to, any Cost Component specified on the Confirmation's Coversheet, whether described as "fixed," "variable," "included in the Price," "passed through" or otherwise.
7. **Early Termination.** If an Event of Default occurs and is continuing with respect to Customer, Seller shall have the right to designate an early termination date (the "**Early Termination Date**") to accelerate all amounts owing between the Parties and to liquidate and terminate any or all Transactions (each, a "**Terminated Transaction**"). Seller shall give prior Notice to Customer setting forth the Early Termination Date. In addition to the other remedies specified herein, upon the occurrence of an Event of Default with respect to Customer, Seller shall be permitted to switch Customer to receive Default Service at each Facility or, with respect to electricity sales in Texas, disconnect Customer's electric service. Subject to Seller's rights and remedies hereunder (including Section 8 Termination Payment Calculation below), Customer may terminate the Agreement by giving 30-day prior Notice to Seller (unless a different notice period is required by the applicable Law) and shall pay any amounts owed hereunder in connection with such termination and for the electricity supplied up to the Effective Termination Date.  
To the extent permitted by applicable law, Seller can terminate this Agreement, a Confirmation or a Facility(ies) from a Confirmation, at no cost to Seller, if: required/allowed by law; the relevant Utility is unable to service a Facility; a legislative or Regulatory Change materially alters Seller's ability to perform this Agreement; Customer is or becomes sanctioned; or performance under this Agreement would result in a violation of sanctions by any person, including Seller. To the extent permitted by applicable law, Customer will be given thirty (30) calendar days prior notice of termination and an opportunity to cure; this thirty (30) calendar days notice and cure period applies to termination by Seller for the specific events listed in this paragraph and does not apply to any Event of Default.
8. **Termination Payment Calculation.** On an Early Termination Date, Seller shall close out each Terminated Transaction so that each such Terminated Transaction is canceled and Seller shall calculate and aggregate the Early Termination Amount for all Terminated Transactions. The Parties agree that a Terminated Transaction will become effective after the Facility drop has been processed by the applicable Utility and the Facility is no longer supplied under the Agreement and, in case there are multiple Terminated Transactions, the effective termination date will be whichever Facility drop occurs last (the "**Effective Termination Date**"). Seller shall provide Customer with the amount of the Early Termination Amount as soon as reasonably practicable after the Early Termination Date (the "**Termination Payment Notice**"). In determining the Early Termination Amount, Seller (i) need not actually enter into replacement transactions, (ii) may utilize the Forecasted Volume or other Customer-related information it deems relevant to determine the quantity of electricity to be purchased by Customer for the remaining term of any Terminated Transactions, and (iii) may consider, among other valuations, any settlement prices of New York Mercantile Exchange electric energy futures contracts, internal curves, quotations from leading dealers in electric energy swap contracts, and other bona fide party bids and offers, which may include, on an arms' length basis, offers from Seller's affiliates, all adjusted for the remainder of the applicable term and basis differentials. Customer shall pay the Early Termination Amount within three (3) Business Days after receiving the Termination Payment Notice from Seller, provided that Seller may set off the amount of any Collateral received from Customer and held by it under the Agreement against the amount of the Early Termination Amount. If the Early Termination Amount is not paid when due, it shall accrue interest at the Interest Rate from its due date until paid. Irrespective of whether an Early Termination Amount is owed hereunder, Customer shall pay to Seller the Seller Charges incurred up to the Effective Termination Date and its Costs. Seller will refund any Collateral surplus after Customer's obligations to Seller have been paid in full. Customer acknowledges and agrees that any Early Termination Amount under the Agreement constitutes a reasonable approximation of harm or loss to Seller as a result of the Event of Default and is not a penalty or punitive in any respect. 11. **Governing Law.** This Master Agreement and the rights and duties of the Parties under this Master Agreement are governed by and construed in accordance with the laws of the State of New York without regard to its conflict of laws principles that would apply the laws of another jurisdiction. With respect to any Confirmation entered into or contemplated by the Parties, the Agreement and the rights and duties of the Parties under the Agreement are governed by the internal Law of the state where each Facility is located without regard to conflict of law principles. To the maximum extent possible under the Law, article 2 of the Uniform Commercial Code will apply to the electricity sold under the Agreement. 12. **Assignment.** Customer shall not assign this Master Agreement, any Confirmation or any of its rights or obligations thereunder without Seller's prior written consent which shall not be unreasonably withheld or delayed. For the avoidance of doubt, the Parties agree that it shall be unreasonable for Seller to withhold its consent if the assignee meets Seller's commercially reasonable credit requirements and agrees to assume in writing all of assignor's obligations under the Master Agreement and/or the Confirmation(s), as applicable. Notwithstanding any other provision of the Agreement, Seller may assign this Master Agreement, any Confirmation and its rights and obligations thereunder without Customer's consent, upon Notice to Customer. Any assignee hereof shall be subject to all the provisions and conditions of this Master Agreement and, if applicable, the Confirmation(s), as applicable to its assignor to the same extent as though such assignee were an original Party to this Master Agreement and the applicable Confirmation(s). This Master Agreement and any Confirmation entered into in connection thereto will inure to the benefit of and be binding upon the Parties and their respective successors and permitted assigns. Any assignment in violation of this Section shall be void.
13. **Force Majeure.** Notwithstanding any other provision of the Agreement, if a Party is unable to carry out any obligation under the Agreement due to Force Majeure (other than a payment obligation relating to performance provided prior to or during the Force Majeure, which shall not be excused for Force Majeure), the Agreement will remain in effect but such obligation will be suspended for the duration of the Force Majeure, provided: (i) the claiming Party notifies the other Party as soon as practicable in writing of the particulars of the Force Majeure; (ii) suspension of performance is of no greater scope and duration than required by the Force Majeure; and (iii) the claiming Party uses commercially reasonable efforts to remedy its inability to perform. If the Force Majeure continues for a period of 30 days or more, where Customer is the claiming Party, then Seller may terminate the Agreement with respect to the Facilities adversely affected by the Force Majeure upon 15 days' prior Notice to Customer. It is expressly agreed by the Parties that the ability of Seller to sell the products and services provided under a Confirmation at a greater price, and the ability of Customer to purchase the products and services provided under a Confirmation for a lower price, than the price specified therein shall not constitute an event of Force Majeure. Seller is not responsible for transmitting or distributing electric energy. In the event of a power outage, Customer should contact the relevant Utility.
14. **Representations.** As of the Effective Date and the date of entering into each Transaction, each Party represents and warrants to the other Party that (i) it is duly organized, validly existing and in good standing under the laws of the jurisdiction of its formation and is qualified to conduct its business in those jurisdictions necessary to perform to this Master Agreement and any Confirmation; (ii) it has the power and authority to sign and perform this Master Agreement and any Confirmation, with respect to Customer only, to bind each Facility to the terms and conditions of the Agreement; (iii) the execution of this Master Agreement and any Confirmation is within its powers, has been duly authorized and does not violate any of the terms or conditions in its governing documents or any contract to which it is a party or any law applicable to it; (iv) it intends to be legally bound by this Master Agreement and any Confirmation and has caused the Master Agreement to be executed by its duly authorized officer or representative as of the date shown below; (v) it is not Bankrupt; (vi) it has knowledge and experience in business matters that enable it to evaluate the merits and risks of entering into this Master Agreement and any Confirmation; and (vii) all information provided by it to the other Party is true, correct and complete in all material respects. 15. **Confidentiality.** The Parties agree to keep all terms and provisions of this Master Agreement, any Confirmation and all communications in

connection herewith, including pricing and other terms offered to Customer, confidential and to not disclose them to any third parties without the prior written consent of Seller, except as otherwise required by Law or judicial process. 17. **Miscellaneous.** This Master Agreement constitutes the entire agreement between the Parties and supersedes any prior or contemporaneous agreements or representations affecting the subject of this Master Agreement. Sections 2, 4, 5, 8, 10, 11, 15 and 17 hereof and all provisions in this Master Agreement regarding payments and indemnification shall survive the termination or expiration hereof until the expiration of the applicable statute of limitations. This Master Agreement and any Confirmations may be executed in several counterparts, each of which will be an original and all of which constitute one and the same instrument. Each Party may assume that all notices and emails sent from the other Party have been sent by an authorized representative of such other Party. Subject to the rights that may accrue to any successors or permitted assignees of the Parties, no provision of this Master Agreement or of any Confirmation is to be construed as creating any rights enforceable by a third party, and all third-party beneficiary rights are expressly negated. Customer agrees that compensation owed to any third party representing Customer in connection with any Transaction may be included in the Price and Customer will indemnify and defend Seller against, and hold Seller harmless from, any Claims made by any such third party (including for amounts owed to any such third party that are not included in the Price) and any costs incurred by Seller with respect to such Claims (including legal fees and disbursements). If the Price incorporates an index and the index is not announced or published on any day for any reason or if the Seller reasonably determines that a material change in the formula for or the method of determining the ISO index has occurred, then Seller will use a commercially reasonable replacement price that is calculated by the Seller. Any provision or section of the Agreement declared or rendered unlawful by a court or regulatory agency or deemed unlawful because of a change in Law will not otherwise affect the remaining lawful obligations that arise under the Agreement. Except as otherwise provided in this Master Agreement, the rights, powers, remedies, and privileges provided in this Master Agreement are cumulative and not exclusive of any rights, power, remedies, and privileges provided by Law. No waiver by either Party of any breach of the Agreement by the other Party is effective unless expressly made in writing, and any such waiver is effective only in that instance and only for the purpose expressly stated in writing and (not to be construed as a waiver of any other breach. As used in the Agreement, the term "including" means "including without limitation." Any fee, charge, Cost Component or cost that is expressed in \$ per MWh may be converted to \$ per kWh for purposes of billing or any other calculation made hereunder. Customer acknowledges that Seller and its Affiliates are in the business of buying and selling electricity and related products within the various markets for their own respective accounts and that (i) such participation in such markets may affect the relevant market prices used to determine charges hereunder and (ii) nothing in the Agreement restricts Seller or any of its Affiliates from participating in activities that may affect market prices. Customer will not (a) withhold payment for any reason (subject to its right to dispute invoices); (b) resell any portion of the electricity purchased from Seller to a third party or (c) use any new or additional on-site generation or

battery storage capabilities, not disclosed on or before the Effective Date of a Confirmation, at any Facility during the term of the corresponding Confirmation. Customer warrants that it has disclosed all existing back-up and onsite generation prior to execution of each Confirmation.

18. **Acknowledgements.** Each Party agrees, understands and acknowledges that: (a) the Transactions entered into pursuant to this Master Agreement constitute a single integrated agreement that is a "forward contract" as defined in the United States Bankruptcy Code (the "**Code**"); (b) this Master Agreement constitutes a "master netting agreement" as defined by the Code; (c) the Agreement shall not be construed as creating an association, trust, partnership, or joint venture in any way between the Parties, nor as creating any relationship between the Parties other than that of independent contractors for the sale and purchase of a commodity; (d) Seller is not a "utility" as defined in the Code; (e) commodity supply will be provided by Seller under the Agreement, but delivery will be provided by the Customer's Utility; and (f) Customer's Utility, and not Seller, is responsible for responding to outages, leaks or emergencies should they occur.
19. **Conversion Option.** At any time during the Initial Term of a Confirmation, Customer may request Seller to provide new price quotes for its full electricity supply requirements or a part thereof, for the remaining Initial Term, a part thereof or an extended term (the "**Conversion Option**"). During normal trading hours, Seller shall endeavor to provide Customer non-binding quotes for the Conversion Option, provided that Seller does not guarantee staff availability for execution of any Conversion Option at a specific price or for a specific term, and provided further that Seller shall not be liable for failure to provide price quotes or execute any specific addendum therefor. No agreement for a Conversion Option will be deemed to exist between the Parties unless and until an addendum to the Confirmation or superseding electricity supply agreement is executed and delivered by the Parties. For the avoidance of doubt, the Parties agree that if no such addendum or superseding agreement is entered into by the Parties, the Parties' respective rights and obligations will remain governed by and subject to the terms and conditions of the Agreement.
20. **Definitions.** As used in this Master Agreement, the following terms have the stated meanings, provided that capitalized terms in this Master Agreement not defined in this Section will have the meaning ascribed thereto elsewhere in this Master Agreement and, provided further that in the event of any inconsistency between the definitions set forth in this Section 20 and the definitions set forth in the Special Provisions of a Confirmation, the definitions set forth in the Special Provisions of a Confirmation will prevail for the purpose of the relevant Transaction.
